

# Strengthening Research Ethics for COVID-19 in Africa

## Consultative Workshop of Research Ethics Committees in Africa

*When:* Tuesday 28 April, 2020  
10:00-13:00 (SAST)

*Host:* Africa Centres for Disease Control (CDC) and Prevention

*Where:* Virtual meeting, Zoom videoconferencing

*Contact:* Dr Blessing Silaigwana, [silaigwana@yahoo.com](mailto:silaigwana@yahoo.com)  
Dr Raji Tajudeen, [TajudeenR@africa-union.org](mailto:TajudeenR@africa-union.org)  
Prof Sarah Edwards, [sarah.edwards@ucl.ac.uk](mailto:sarah.edwards@ucl.ac.uk)

**Hosted by Africa CDC, this consultative webinar will bring together representatives of National Ethics/Institutional Ethics Committees in Africa, and provide an opportunity:**

- ☀ To discuss and share best practices on Strengthening Research Ethics for Covid-19 health research in Africa.
- ☀ To bring to the forefront the ethical challenges of research during Covid-19 and enhance better understanding of these issues;
- ☀ To create awareness among the public on the need for Covid-19 clinical trials and how such studies can be done ethically in Africa.
- ☀ To identify ethics/policy recommendations that address challenges in conducting research during epidemics in Africa.
